

In these uncertain times, our community needs to support each other more than ever before. Our local shops are being severely impacted, so please support small businesses in any way you can while remaining safe and healthy. Check in on your local restaurants and bars - their doors may have closed to the public, but many still have pick up or delivery options available.

We are in full stock of pancake mix, maple syrup, honey, apple cider vinegar, ketchup, and truffles. We are offering 10% off orders in hope that store owners will pass that discount onto their customers. For those in Sullivan county, we will be doing curbside delivery. Contact orders@catskillprovisions.com for order fulfillment. We will get through this together! Bee well.

Our Very Best,
The Catskill Provisions Team
